# Our Story

ATC was established in 1991, and since then we have evolved into a solution-oriented company, designing, developing, producing and distributing Energy Efficient products in response to market needs.

We are focused on customer service and support and we strive to ensure a high level of dialogue-based cooperation with our customers.

## Quality

Quality, safety and design are the key elements of ATC products. It is the core of our business and it ensures our customers' confidence in our products too.

## Our Products

We are very proud that our products are being used in many different types of applications. We started in Ireland but in recent years our products can also be found in the United Kingdom and mainland Europe. We look forward to continuing our expansion into existing and new markets.

## Innovation

Since 1991 there have been many advancements and changes in product development and technologies. There also have been many changes in the way people carry out and transact their business.

We have embraced and taken on many of these new technologies. However, our strength lies in our know-how and company structure, which allows us to respond quickly and flexibly to both specific and generalised customer requests.

# Quality Makes the Difference

QUALITY APPROVED  
COMPANY

1991

ATC Opens for business at the Dunlop Centre, Adelaide Road as exclusive partners to Vortice Ventilation & Omron Electronics

1994

Due to business development & growth, ATC moved to a larger premises in Walkinstown, Dublin

1996

Due to business growth, ATC moved again to a larger premises in Tallaght, Dublin

2008

ATC opened its new head quarters at Broomhill Drive, Tallaght

1992

ATC Employed our very first External Sales Representative

1995

ATC achieved ISO 9001 Accreditation

2001

Incorporation of ATC Automation as a Division within the Group

2009

ATC Automation appointed Omron Premium Partner Status

2014

ATC commences business in the UK

2015

Created our new Product Development & Quality Department to grow and expand the ATC range of energy efficient products

2017

Open our new UK Distribution Centre to improve and provide Next Day Service to our UK Customers

2012

The launch of the first ATC Branded Products in the market

2014

Open our first Energy Showrooms at ATC House

2016

25 Years in Business!

2017

ATC Lifestyle Radiator crowned the Winner of the EIFI Energy Efficient Product of the Year

2019

ATC won the EIFI Project of the Year for the installation of the Sun Ray Radiators at Aungier Street Student Accommodation

2019

Improving efficiencies and service with our 5S Accreditation

2021

- Celebrating 30 Years of ATC
- ATC House reopens after Covid-19 pandemic
- ATC Academy opens for visitors
- Sustainable FSC product boxes are adopted for selected products

2019

Official Opening of the Energy Efficient Showroom & Training Hub at ATC House

2020

Introduction of the ATC Smart Logo for our new & developing range of Smart Products

2022

- ATC become members of the EDA
- Green Dot partnership begins to further the sustainability agenda

# ATC & Sustainability

## Recyclable Packaging

We have recently adopted new FSC Certified cardboard packaging for selected products, The Forest Stewardship Council (FSC) is committed to protecting forests for future generations and helping to combat climate change.

Bleaches and pigments have been eliminated from this packaging reducing chemical waste which is a harmful pollutant.

## 100% Recycled Aluminium

All of the aluminium used in the manufacturing process is 100% recycled aluminium, contributing to a circular economy and minimising the exhaustion of natural sources. Just 5% of energy is used through the production of recycled aluminium.

## WEEE

Our electrical products are recyclable through WEEE – Waste Electrical and Electronic Equipment recycling, which allows valuable resources including plastics, metals and glass to be recovered for further use in manufacturing and ensures hazardous waste is disposed of safely, helping to protect our environment.

## ROHS

All of our products are RoHS compliant, in conjunction with the EU's RoHS Directive for restricting the use of hazardous substances in electrical equipment to protect the environment and public health.

# Our Vision

Our strategic vision is to create and sustain **positive long term relationships** with our customers by helpful, **effective response** to their ongoing requirements by providing the most up-to-date and **innovative products** and support in a constantly changing environment and market.

Our Core Values of **Quality, Service,** and **Customer Care** are primary to our day-to-day activities

## High Speed Hand Dryer

Ultra modern design

### Key Features Include:

- 15 second drying time
- Low running costs
- Suitable for areas of medium to high traffic
- Switchable heating output
- HEPA filter (Optional)
- LED Countdown Indicator
- Available in brushed stainless steel or white
- Long life brush motor

Sleek high speed hand dryer perfect for areas of medium to high footfall. The optional HEPA filter captures 99.9% of bacteria for effective and efficient hand drying.

# ATC ECO Tap

Washroom Range

Wash & Dry  
your hands  
in 40  
seconds!

## Key Features Include:

- Taps installed in situ within sink, or above
- Hygienic, no-touch automatic operation
- Simple to use
- Energy saving, temperature control hand dryer
- Quiet operation
- Concealed mechanisms for easy maintenance

With a sleek, modern design the ECO Tap is designed to complement high traffic bathrooms as a complete set of soap dispenser, auto tap, and high speed hand dryer.

# Choose Hygiene. Choose HEPA.

## What is 'HEPA'?

HEPA stands for 'High Efficiency Particle Arrestor', which works to trap tiny particles (up to 0.3 micrometers in diameter) found in the air.

## Why they're great

ATC HEPA filters capture 99.9% of harmful particles, giving you a seamless, hygienic hand drying experience.

## Maintenance

You change your coffee filter regularly, right? The same applies to HEPA filters. Make sure to change your HEPA filter every 6 months – those particles add up, and over time reduce the effectiveness of the filter.

## A closer look

ATC HEPA filters are composed of thin fibres of glass and carbon-activated material. The result is a thick, paperlike material arranged in pleats. Particles passing through the air are trapped within this material.

## Did you know?

The Panther HEPA filter comes complete with an anti-bacteria layer, and stylish stainless steel outer casing for a sleek finish.

Simply slide in or out for install and removal!

ATC HEPA filter, Tiger ECO

# CO<sub>2</sub> Impact on the Environment

Carbon Emissions, otherwise known as greenhouse gas emissions, are the main contributors to climate change and global warming.

The concerning increases in the burning of fossil fuels directly correlates to the increase of carbon dioxide levels in the atmosphere and in turn the rapid increase of global warming.

## Fossil Fuel Combustion

The largest source of carbon dioxide emissions is from the combustion of fossil fuels. This produces 87% of the human carbon dioxide emissions. Burning these fuels releases energy which is most commonly turned into electricity, heat or power for transportation. Some examples of where they are used are in industrial and commercial facilities such as Airports, Factories, Shopping Centre, Offices and smaller locations such as Gyms, Coffee Shops and Restaurants.

## What Should Happen?

It is the responsibility of the Management in all commercial and industrial organisations to implement a plan to reduce their annual carbon emissions.

## How can ATC Energy Efficient Hand Dryers Help?

ATC provide the widest and most complete range of Energy Efficient Hand Dryers on the market.

When you visit a wash room you want to dry your hands quickly and hygienically.

We provide all the options; from high usage locations such as Airports, Shopping Centres and Sports Stadia to medium usage in Offices, Hotels and Coffee Shops. Our hand dryers are low noise and provide a range of energy outputs that can be controlled by the facilities personnel.

On pages 26-30 we demonstrate the energy savings and CO<sub>2</sub> emissions of our hand dryers compared to using Conventional Hand Dryers or Paper Towels.

# Eco-Friendly

**Our thermal electric radiators use thermal emission oil for a quick and eco-friendly heat-up time. Built-in Open Window Technology prevents heat loss and saves energy.**

**EcoDesign**  
Lot 20 Compliant

# Thermal Electric Radiator Technology

## Electric Heating: How it Works

ATC's Thermal Electric Range use a combination of convection and radiated heat, to provide an evenly distributed, comfortable warmth to any room.

## Where to Use

Electric radiators are ideal for heating domestic and commercial settings, providing comfortable and consistent heat for spacious rooms.

## Integrated Technology

These radiators can be used as stand-alone heaters or part of a whole-house heating system, **with selected heaters** operated by an app.

## What's Inside?

Thermal electric radiators are oil filled, encased in aluminium, and contain an electric element.

## Did you Know?

There are 3 basic methods of heat transfer: Conduction, Convection, and Radiation. ATC's Electric Thermal Radiator Range uses:

### Convection

The transfer of heat through the physical movement of air or fluid from one location to another.

### And

### Radiation

The transfer of heat by electromagnetic waves.

# Thermal Radiator or Panel Heater?

## What Are the Key Differences?

### Thermal Electric Radiator

Varena

- Robust, modern design
- Uses combined convection & radiant heating method
- Provides gradual warmth
- Lower running costs

**Provides great levels of comfort & warmth in spaces that are used frequently.**

Ideal for:

Kitchens

Living Rooms

Receptions

Offices

### Panel Heater

Almeria ECO

- Lightweight, sleek design
- Uses convection heating method
- Provides immediate heat
- Low purchase cost

**Effectively heats spaces that are used sparingly**

Ideal for:

Bedrooms

Utility Rooms

Staircase Landings

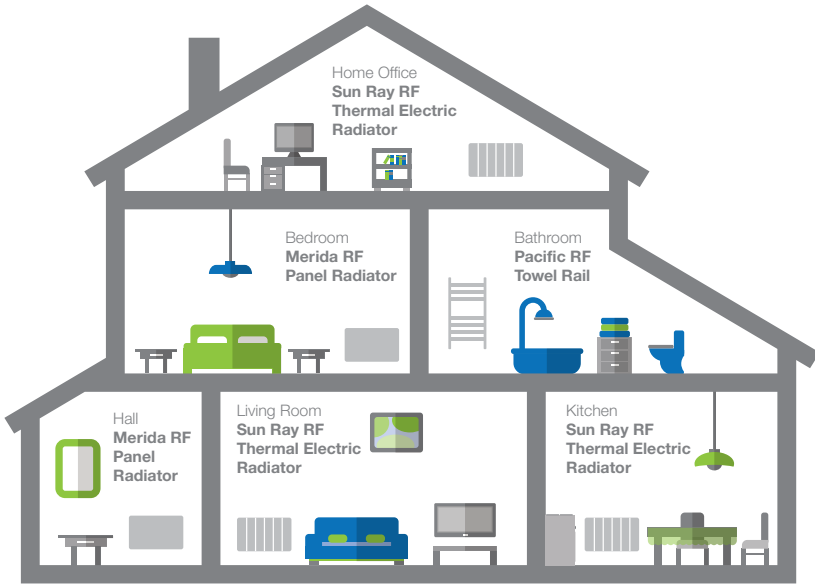

Spare Rooms

# Thermal Radiators & Panel Heaters

Complementing one another in the home

## The Smart RF Residence

By using a combination of thermal electric radiators and panel heaters in settings such as the home, you avail of a comfortable, inviting warmth specifically tailored for each room.

ATC's range of Smart RF products allow for connectivity and controllability with the ability to control up to 30 heaters from your mobile phone.

Thermal Electric Radiators and Panel Radiators can also work in tandem in settings such as hotels, offices, apartment residences, schools & universities, sports & leisure facilities, and more.

### Suitable for:

Commercial

Hospitality

Sports & Leisure

Healthcare

Residential

Education

## Heat Distribution by Product Type

Results from the ATC test laboratory below demonstrate and compare the methods of heat distribution of different electric heaters.

### ATC SunRay RF Thermal Radiator 750w

**A** Produces warm, controlled heat that reaches maximum temperature of 25.5 degrees.

**B** Heat is distributed evenly from heat source.

### ATC Almeria-Eco Panel Heater 750w

**A** Produces dry heat of up to 34 degrees; suitable for places that are used sparingly.

**B** Heat is unevenly distributed from heat source.

# Key Features of ATC Thermal Electric Radiators

## Smart Controllability to 0.2°C

PID controllers use a control loop feedback method to control the heating element and are the most accurate and stable type of control system, with temperature accuracy to 0.2°C.

The ATC apps allow online programming from anywhere in the world. The radiator can also be controlled directly via controls on the heater.

## Controllability & Connectivity

ATC Thermal Electric Radiators offer a wide range of connectivity options. We offer a diverse selection of products with varying levels of controllability and connectivity options. Choose from direct control via the radiator's control screen right through to Smart Technology that can be connected and controlled on-the-go via your smart device.

## Accessible Technology

- Easy to read, modern TFT Display
- Manual Boost allows quick operation outside of programmed times
- Triac thermostat ensures long life & silent control
- Audible feedback confirms buttons which have been activated

## Warranty Information

iLifestyle & Varena

Sun Ray RF & Neptune

# ATC Smart Technology

## Connectivity:

### The Power of RF Radio Frequency Technology

Radio Frequency (RF) products communicate using a smart and robust RF Mesh gateway which allows for a more reliable and longer-reaching communication path between the heaters and the gateway.

### The Power of Wifi Direct Technology

Our Wi-Fi Direct products operate directly between each heater and the Wi-Fi router, ideal for single heaters with no need for a gateway

### Easy to Program & Install

Ease of set-up is a key point in the design of the ATC Smart Family of products.

Simple and robust mounting hardware with secure locking brackets ensure that these products sit perfectly and safely within the spaces they provide warmth.

The set-up and programming of both Wi-Fi Direct and RF-wireless systems is simple and intuitive, requiring minimal effort.

Easy to transport and easy to install.

## Control at your Fingertips

Gain complete control over your heating systems through our ATC Smart Apps: Tevolve (RF) and ATC Cala (Wi-Fi Direct).

- TRIAC electronic thermostat – accurate to 0.2°C
- PID Intelligent Control
- Open Window Feature
- Adaptive Start
- Frost Protection for holiday homes

# Energy Cost Comparison iLifestyle vs Storage Heaters

## iLifestyle

Area 18m <sup>2</sup>	1800w
Kw cost per hour <sup>1</sup>	£0.49
Total consumption per day	£2.95
<b>Total Cost Per Month</b>	<b>£88.53</b>

## Storage Heater

Area 18m <sup>2</sup>	3300w
Kw cost per hour <sup>1</sup>	£0.21
Total consumption per day	£4.95
<b>Total Cost Per Month</b>	<b>£148.37</b>

Assumptions: The above figures are based on a 7 hour heating cycle using electricity on the night rate for the high heat retention storage heater. The Thermal radiator is on at full capacity for 6 hours per day (2 in the morning and 4 in the evening) on a standard day rate tariff both heaters are worked on a 30 day month.

The calculation does not take into account the need for boost heating for the storage heaters in the evening.

**Lower Bills**  
**£88.53**  
**Lower Energy**  
**Consumption**

**Higher Bills**  
**£148.37**  
**Higher Energy**  
**Consumption**

<sup>1</sup> Day (£0.32844) Night rate (£0.21141) on the British Gas Online Fixed Economy 7 Plan. Standing charge not included.

An aerial photograph of a wind farm in a lush green landscape. The foreground shows the nacelle and a blade of a large white wind turbine. In the distance, another turbine stands in a field of rolling green hills under a blue sky with scattered white clouds. A semi-transparent green rectangular box is overlaid on the upper portion of the image, containing white text.

**Electric heating is cheaper to install than gas, has no maintenance costs and lasts for up to 50% longer than the average gas boiler.**

**(Electric.ie)**

# What is Radiant Heating

Radiation is a method of heat transfer used in many electrical heating products.

## How it Works

These products emit **electrical energy** in a way that heats objects and surfaces without affecting the air in between.

Radiant heating does not heat spaces, but rather its energy **heats up people and objects directly.**

## Did you Know?

When you're enjoying the feeling of warmth on your skin when sunbathing, this is heat radiation in action!

Think about it – the sun's heat energy directly heats your body, but doesn't heat the air. That's why a cool breeze can feel most welcome on a hot day!

# ATC Electric Underfloor Heating

It's like Walking on Sunshine

## Key Features Include:

- Luxurious comfort
- Single end connection for easy install
- Can be controlled by ATC HS500 Digital Thermostat or the Nexum RF Thermostat
- Maintenance free
- Minimises dust & air movement

Experience Luxurious comfort – electric under floor heating is an efficient and economical addition or alternative to standard heating systems. Suited to residential and hospitality settings such as bathrooms and kitchens.

## For Tiled Floors Only

The ATC range of electric underfloor heating mats should be installed by an electrician or installer who has knowledge of underfloor heating installations. The heating mats can only be installed under tiles. It is recommended that the mat is laid on an insulation board such as the F-Board. This will speed up heating time and also ensure that 97% of the heat output is upwards. Heating mats are primarily used for direct heat installations.

## Product Features

- Heating load is 160w/m<sup>2</sup>
- Mat sizes from 0.5M<sup>2</sup> through to 16.3M<sup>2</sup>
- Mats can be joined together at the thermostat
- Optional Digital thermostat available for simple and accurate control
- Minimises dust and air movement
- Must be installed on F-Board insulation board for most efficient heat output

## Warranty

- 10 year Warranty on cable mats\*

\* With return of completed warranty document or else 12 month warranty.

Hospitality

Residential

# ATC Pacific RF Towel Radiator

Smart Heating, Simple Controllability

## Key Features Include

- On-the-go controllability via App and RF Gateway
- Simple to install, program and operate
- Large, easy to read TFT LCD display
- 4 Operating Modes: Eco, Comfort, Frost Protection, Landlord Mode
- PID Intelligent Control
- Open Window Technology
- Adaptive Start Feature
- Available in white, black or chrome

Part of the ATC Smart Range of products, the Pacific RF Towel Radiator provides smart connected heating, and has been designed to be used in conjunction with the Sun Ray RF and Merida RF heaters.

# ATC Low Temperature Radiant Ceiling Heaters

## Key Features Include:

- Energy efficient & low energy costs
- Draught and noise free
- Ceiling mounting allows flexible use of floor and wall space
- Designed for quick and easy installation on suspended ceilings
- Bracket supplied for easy mounting onto conventional ceiling
- Attractive white finish
- Two panel sizes available

Providing an economical and draught free means of heating in commercial premises, the ATC low temperature radiant ceiling heaters provide radiant warmth from above, designed to free up wall space that is both out of sight and out of reach.

## Technical Details

Annual Energy Cost: **£7463.00**  
Gas Annual CO<sub>2</sub> Output: **5244kg**

**Savings per Year: £5601.00\***

\*Based on heaters operating 7 days @ 6 hours per day, 42 weeks per year. Figures correct as of Aug 2022. Calculations made based on Alfresco/ 2kW Riviera/ 4kW Sienna heaters at energy cost of 26.4p / kW. Gas Heaters burning 1.1kg gas / hour, with price of 13kg bottle @ £50.

The **Riviera** heaters are very good and give off excellent heat. It was really helpful that we could hang the 4 Kw in the marquee which gives off excellent heat and creates a lovely atmosphere. **PM**

The six **Sienna** heaters that we installed on the balcony of the Clubhouse have gone down a treat with the members. It has transformed the area as the members are much happier dining outside in the nice warm area. I think some of them might be in touch themselves for their houses. **JB**

## Look at what people are saying about **ATC Outdoor Heating**

The **Alfresco Portable** heat is a god send for the balcony in our apartment. Just plug it in and the whole balcony is warm. **CD**

Due to recent restrictions, we needed to transform our outdoor area so we could maximise our space and keep our staff and patrons safe and warm. The **Alfresco** heaters suited the job perfectly and were extremely cost effective. **TH**

- Quick recovery element

**Ideal for:** Offices, Canteens, Mobile Homes, Apartments and Workshops

This compact undersink water heater is the ideal solution for commercial applications and can supply a number of sinks, depending on hot water demand, without the need for special taps. A cost effective solution compared to traditional vented systems.

### Technical Details

Product Code	W5-U	W10-U
Capacity (L / Gal)	5L / 1.1Gal	10L / 2.2Gal
Power Watts (W)	2000W	2000W
Voltage (V)	220-240V	220-240V
Frequency (Hz)	50 / 60 Hz	50 / 60Hz
Max Pressure (Bar)	8 Bar	8 Bar
Connections	1/2"	1/2"
Thermostat	External	External
Approvals	UKCA, CE, RoHS	UKCA, CE, RoHS
ERP Class	B	B
IP Rating	IPX4	IPX4

### Dimensions

#### W5-U

Height <b>A</b>	285mm
Width <b>B</b>	240mm
Depth <b>C</b>	240mm

#### W10-U

Height <b>A</b>	300mm
Width <b>B</b>	340mm
Depth <b>C</b>	330mm

### Expansion Vessels for Water Heaters

Code	Description	Box Qty
KIT-A	2L Expansion Vessel with 1/2 " BSP for 5L, 10L & 15L Water Heaters	1

### Recommended Selection Guide

Capacity of Water Heater	Number of Basins	Heat up time
5 litres	1 – 2	5 Litres – 11 mins*
10 litres	2 – 3	10 Litres – 19 mins*
15 litres	3 – 4	*10° to 65°C

# ATC **Pacific** Under Sink Water Heaters

W15-U

## Key Features Include:

- Includes pressure relief valve for safe and easy installation
- Energy efficient
- Power indicator light
- External adjustable thermostat control
- Includes wall bracket
- Comes with protective anode rod for maximum tank life
- Quick recovery element

**Ideal for:** Offices, Canteens, Mobile Homes, Apartments and Workshops

## Technical Details

Product Code	W15-U
Capacity (L / Gal)	14L / 3 Gallons
Power Watts (W)	2500W
Voltage (V)	220-240V
Frequency (Hz)	50 / 60 Hz
Max Pressure (Bar)	8 Bar
Connections	1/2"
Thermostat	External
Approvals	UKCA, CE, RoHs
ERP Class	B
IP Rating	IPX4

## Dimensions

# Installation Information

Installation of commercial unvented water heaters and kit options

## For Inlet water pressure up to 4.1 bar.

## For Inlet water pressure up to 4.1 bar where expansion in the mains is not possible.

## For Inlet water pressure over 4.1 bar

Note: If a pressure reducing valve is used then allowing for expansion in the pipework is not possible. An expansion vessel must be used.

# Why Use ATC Unvented Water Heaters?

## Energy Efficient

- Fitted with Polyurethane Foam Insulation that reduces heat loss, which Reduces Energy consumption and ensures High Energy Efficiency
- External Thermostat Control with Economy setting for Energy Efficiency
- High performance 2KW square flange heating element which is more Durable and Efficient

## Tough and Durable

- Unique Dry Porcelain Enamel Tank lining delivers at least twice the Corrosion Resistance of ordinary glass lining
- Fitted with a Premium Protective Magnesium Anode which equalises aggressive water action and provides Extra Protection against Corrosion

## Safety

- Fitted with Thermostat and Limiting Device to protect against overheating

# ATC Instantaneous Water Heater

## Key Features Include:

- Easy to install
- Energy efficient
- ON / OFF switch – 3 heat options
- Wall mounted – reinforced bracket with internal steel bar
- External casing – made from strong ABS plastic
- Capillary thermostat
- No stored water avoiding legionella

This compact instantaneous water heater provides instant hot water for the smallest of spaces. Only heats water when required, making it a very energy efficient option.

### Technical Details

Product Code	INST5.7
Power	5.7kW (2.5+3.2)
Voltage	220 - 240 Vac
Frequency	50/60Hz
Min Water Flow Rate	2 l/m
Min Water Pressure	80 kPa
Max Water Pressure	0.6 Mpa
Water Connection	15mm dia (1/2" BSP)
IP Rating	IPx4
ERP Rating	B

# ATC Presto Ecoboil Water Boiler

## Key Features Include:

- Easy to install
- Energy saving of up to 75% when compared to other conventional means of boiling water
- Wall mounted – no loose boiling water units on counter tops to prevent scalding
- Stainless steel finish – easy to keep clean, bacteria free and hygienic
- Steam free – no dangerous hot steam expelled from the unit
- Efficient filling method – saves electricity & time by filling in stages

Wall mounted, instant boiling water dispenser, perfect for locations such as offices, schools, hospitals, and factories.

### Technical Details

Product Code	PRESTO 5S	PRESTO 7.5S
Capacity (litres)	5	7.5
Initial draw-off (180ml cups)	30	45
Recovery per minute (180ml cups)	2	2
First hour delivery (180ml cups)	135	150
Time for 1st cup (min)	7	7
Heating element (kw)	2.0	2.0
Min. supply pressure (kPa)	20	20
Max. supply pressure (kPa)	1000	1000
Weight	8.5kg	8.7kg
Dimensions (WxHxD)	320 x 448 x 195	320 x 448 x 195

# Bespoke Heating Design

At ATC we offer a comprehensive range of Heating Design Services, catering to everyone from contractors to specifiers to sector-specific clients. We strive to ensure that you're securing the best heating solutions for your new build or renovation. We have a breadth of experience working on projects across a variety of sectors including:

Commercial

Hospitality

Residential

Sports & Leisure

Education

Healthcare

## Review Criteria

It's important to review certain criteria in order to get the most energy efficient and comfortable method of heating in place.

These include:

- Room dimensions
- Glazed areas
- Insulation levels
- Heat levels in adjacent areas

Our dedicated Heating Design Team provides a full heating design to determine the correct solution for your building.

## What's Involved

To provide an accurate heating design quotation, our team of experts will...

- Calculate the area & volume of each space
- Determine the amount of energy required to heat the area
- Confirm the type and amount of heaters that should be installed

Send your CAD drawing or sketch & dimensions to [technical@atcelec.co.uk](mailto:technical@atcelec.co.uk)

## We cater to

**Contractors**

**Specifiers**

**General Public**

**Sector-Specific**

# Spare Parts Listing

Model	Spare Part	Description
<b>Cub High Speed</b>		
	Z-2651-PCB	Cub High Speed PCB
	Z-2651-ELEMENT	Cub High Speed Element
	Z-2651-MOTOR	Cub High Speed Motor
	Z-2651-BRACKET	Cub High Speed Bracket
	Z-2651-SENSOR	Cub High Speed Sensor
	Z-2651M-BRUSHES	Cub High Speed Pair of Brushes
	Z-2651M-COVER	Cub High Speed Matt Stainless Steel cover
	Z-2651BL-COVER	Cub High Speed Black Stainless Steel cover
	Z-2651WH-COVER	Cub High Speed White Stainless Steel cover
	Z-2651-FILTER	Filter for Cub High Speed Hand Dryers
<b>Cheetah</b>		
	Z-2281-PCB2	Cheetah PCB inc Sensor
	Z-2281-SENSOR	Infra Red Sensor for Cheetah hand dryer
	Z-2281-ELEMENT	Cheetah Element
	Z-2281-MOTOR	Cheetah Motor
	Z-2281-BRUSHES	Pair of Brushes for Cheetah motor
	Z-2281M-COVER	Cheetah Cover Chrome
	Z-2281W-COVER	Cheetah Cover White
<b>Tiger ECO</b>		
	Z-3145-BRUSHES	Pair of Longlife Brushes for Tiger Eco Hand Dryer
	Z-3145-DUST	Dust Filter for Tiger ECO
	Z-3145-HEPA	HEPA Filter for Tiger ECO
	Z-3145-ELEMENT	Element for Tiger ECO Hand Dryer
	Z-3145M-COVER	Stainless steel cover for Tiger ECO
	Z-3145W-COVER	White cover for Tiger ECO
	Z-3145-MOTOR	Motor for Tiger ECO
	Z-3145-PCB	PCB for Tiger ECO complete with Sensor
<b>Puma</b>		
	Z-2000M-PCB	Puma PCB
	Z-2000M-ELEMENT	Puma Element
	Z-2000M-MOTOR	Puma Motor
	Z-2000M-BRUSHES	Pair of Puma Brushes
	Z-2000M-COVER	Puma Cover
	Z-2000M-FILTER	Puma Filter
<b>Panther ECO</b>		
	ATC-ZA01-COVER	White Cover for ZA01 Panther
	ATC-ZA05-COVER	Stainless steel Cover for ZA05 Panther and PANZA06
	ATC-ZA05-BRUSHES	Pair of Brushes
	ATC-ZA05-MOTOR	ATC High Speed Hand Dryer Motor ZA01 & ZA05 Panther

<b>Model</b>	<b>Spare Part</b>	<b>Description</b>
<b>Long Life Panther Panza06</b>	PANZA06-BRUSHES	Pair of brushes for PANZA06
	PANZA06-ELEMENT	Element - PANZA06 Panther
	PANZA06-HEATER	Heater - PANZA06 Panther
	PANZA06-PCB 2	PCB & Sensor - PANZA06 Panther
	VERSION 5 - JAGUAR	PCB & Sensor - Z1000 Jaguar
	VERSION 6 - PANTHER	PCB & SENSORS - ZA01 & ZA05 Panther
	FILTER-ASSEMBLY-PLASTIC	Panther Filter incl active carbon and 3M filter
	HEPA-PANTHER	Hepa Filter for Panther & Steel housing
<b>Premblade15</b>	PREM-PCB-MK1	Premblade15 PCB Board for Dryers made prior to April 2019
	PREM-PCB-MK2	Premblade15 PCB Board for Dryers made after August 2019
	PREM-BRUSH	Cleaning Brush for Premblade15
	PREM-START-BOARD	Start Board for Premblade15 Hand Dryer
	PREM-STOP-BOARD	Stop Board for Premblade15 Hand Dryer
	PREM-ELEMENT	Premblade15 Element
	PREM-MOTOR	Premblade15 Motor
	PREM-TOPCOVER	Top Cover for Premblade15
	PREM-FRONT-COVER	Front Cover for Premblade15
	HEPA-FILTER-BLADES	HEPA Filter for Premblade 15
	PREM-DUST-FILTER	Dust Filter for Premblade
	PREM-WATERTRAY	Water tray for Premblade
<b>GS-Blade</b>	GS-2006H-PCB-MARK1	PCB for ATC GS-Blade Mark 1
	GS-2006H-PCB-MARK3	PCB for ATC GS-Blade Mark 3
	GS-2006H-START-BOARD	Start Board for GS-Blade Hand Dryer
	GS-2006H-STOP-BOARD	Stop Board for GS-Blade Hand Dryer
	GS-2006H-ELEMENT	Element for GS-Blade Hand Dryer
	GS-2006H-MOTOR	Motor for ATC GS-Blade Hand Dryer
	GS-2006H-FRONT COVER-SLV	Front Cover for GS-Blade Hand Dryer
	GS-2006H-FILTER	Filter for ATC GS-Blade
	GS-2006H-WATERTRAY	Water Tray for ATC GS-Blade Dryer
	GS-2006H-EMI-FILTER	EMI Filter for ATC GS-Blade
	GS-2006H-PFC-FILTER	PFC Filter for ATC GS-Blade Dryer
	GS-2006H-BACK COVER	Back Cover for GS-Blade Hand Dryer
	GS-2006H-BRACKET	Bracket for GS-2006H

<b>Model</b>	<b>Spare Part</b>	<b>Description</b>
<b>Eco-Blade</b>	VERSION 4-ECOMO-22	Round ECO-Blade& Sensor Version 4
	VERSION 4-NEW-ECOMO-12	Square ECO-Blade PCB & Sensor Version 4
	HEPA-FILTER	ECO-Blade HEPA Filter
<b>Water Heating</b>	W5-GASKET	Element Gasket W5-U only
	W10-ANODE	Magnesium Anode W5-U & W10-U
	W10-GASKET	Element Gasket W10-U & W15U
	W15-ANODE	Magnesium Anode W15-U only
<b>Presto Boilers</b>	FP-ELE-2-0	PRESTO 2KW ELEMENT
	FP-PCB	PRESTO PC BOARD
	FP-VALVKIT	PRESTO SOLENOID VALVKITS
	FP-TAP-O/ASS	PRESTO TAP ASSEMBLY
	FP-PROBE-5	PRESTO LOW LEVEL PROBE 5LTs
	FP-PROBE-7-5	PRESTO LOW LEVEL PROBE 7.5LT
	FP-PROBE-10	PRESTO LOW LEVEL PROBE 10LT
	FP-THERMIS	PRESTO THERMISTOR
<b>Lifestyle Radiators</b>	CASTORS	Pair of Castors for iLifestyle, Lifestyle & Varena
	LS-METAL-BRACKETS	Pair of Brackets for iLifestyle, Lifestyle & Varena
	LS-BRACKET-COVER	Plastic covers for Metal Brackets 1 set required per pair of brackets
	LS-LEFT-CASE	Lifestyle Left Plastic Casing
	LS-RIGHT-CASE	Lifestyle Right Case c/w Electronics
<b>iLifestyle Connected Radiators</b>	CASTORS	Pair of Castors for iLifestyle, Lifestyle & Varena
	LS-METAL-BRACKETS	Pair of Brackets for iLifestyle, Lifestyle & Varena
	LS-BRACKET-COVER	Plastic covers for Metal Brackets 1 set required per pair of brackets
	WLS-LEFT-CASE	iLifestyle Left Plastic Casing - NO electronics
	WLS-RIGHT-CASE	iLifestyle Right Case c/w Electronics
<b>Varena Radiators</b>	CASTORS	Pair of Castors for iLifestyle, Lifestyle & Varena
	LS-METAL-BRACKETS	Pair of Brackets for iLifestyle, Lifestyle & Varena
	LS-BRACKET-COVER	Plastic covers for Metal Brackets 1 set required per pair of brackets
	C43022901	Varena Right casing c/w electronics

<b>Model</b>	<b>Spare Part</b>	<b>Description</b>
<b>RF Sun Ray Radiators</b>		
	E0500669	Rf Complete End Panel With Electronics (For RF500-RF1500)
	E0500671	Rf Complete End Panel With Electronics (For RF1800W)
	E0500626	Wf Complete End Panel With Electronics (For WF500-WF1500)
	E0500627	Wf Complete End Panel With Electronics (For WF1800W)
	RF-BRACKETS	Single bracket for RF Radiators - 2 req 350 to 1200, 3 req for 1500& 1800
	RF-FEET	Floor Mounting kit for RF Radiators
	RF-LOCKING-BRACKET	Metal Locking Bracket for RF models
	RF-KIT	2 Plastic Wall Brackets, 1 Locking Bracket
	RF-SLIDING-BRACKET	RF Sliding Bracket
<b>Original Sun Ray Radiators</b>		
	CASTORS	Pair of Castors for Original Sunray & Sunray Plus
	LS-METAL-BRACKETS	Pair of Brackets for Original Sunray & Sunray Plus
	LS-BRACKET-COVER	Plastic covers for Metal Brackets 1 set required\ per pair of brackets
	SEND-COMPLETE	Analogue Control Panel for Sunray C/W Electronics
	SPEND-COMPLETE	Sunray Plus Right Plastic Casing Assembly C/W Electronics
<b>Merida Radiators</b>		
	MER500/750 BRACKET	MER500/750 Bracket
	MER1000 BRACKET	MER1000 Bracket
	MER1500 BRACKET	MER1500 Bracket
	MER2000 BRACKET	MER2000 Bracket
	MER-CONTROL	Merida Control Box complete
<b>Almeria DPH Panel Heaters</b>		
	DPH500/750 ECO BRACKET	DPH500/750 Eco Bracket
	DPH1000-ECO BRACKET	DPH1000 Eco Bracket
	DPH1500-ECO BRACKET	DPH1500 Eco Bracket
	DPH20-ECO BRACKET	DPH2000 Eco Bracket
<b>Alfresco Outdoor Heaters</b>		
	ALH1800-BRACKET	Wall Bracket for ALH1800 ONLY
	002781	1800w Lamp for 767P, ALH1800 and ALH1800-P-Tri
	TRIPOD-ALFRESCO	Tripod for Alfresco
	TRIPOD-BRACKET	Bracket for Alfresco Tripod

<b>Model</b>	<b>Spare Part</b>	<b>Description</b>
<b>Varma Outdoor Heaters</b>	VARMALAMP2KW-IPX5	Halogen Lamp for all Varma IP X5 models
	VARMALAMP2KW	Halogen Lamp for Varma non IP models
<b>Riveria Outdoor Heaters</b>	RIV2KW-Lamp	Spare Lamp for all Riviera outdoor heaters
	RIV200-BRACKET	Bracket for RIV200
	RIV400-BRACKET	Bracket for RIV400/600
	RIV - Grille	Replacement Grille for RIV Heaters
<b>Sienna Outdoor Heaters</b>	SIE2.2KW-LAMP	Spare Lamp for Sienna 2.2KW
	SIE2.2KW-GRILLE	Replacement Grille for Sienna 2.2kw 000097401
	SIE4KW-LAMP	Spare Lamp for Sienna 4KW
<b>INFRA4400</b>	INFRA4400-REMOTE	Replacement remote control for INFRA4400
<b>Welcome Overdoor Heater</b>	REMOTE CONTROL	ODH Remote Control
	TRC-BRACKET	Brackets for Chrome straight non RF Towel Rail
<b>Towel Rails</b>	TRW-BRACKET	Brackets for White straight non RF Towel Rail
	RFTRW-BRACKET	Brackets for White RF Towel Rail
<b>Underfloor Heating</b>	ETF199	Universal Floor Sensor for OJ & HS500 underFloor Heating Thermostats
	REPAIRKIT	Repair Kit for Underfloor heating mats
