

## EXTLSW 16A

### Time Lag Switches

#### Exterior time lag switches

Ideal for energy saving control of exterior heaters and exterior lighting. Also suitable for damp areas indoors.

Pressing the touch sensitive area brings the connected load on. The load is then switched off automatically after the time lag has elapsed.

Illuminated touch area for easy location in the dark. Tough, hard wearing, IP66 rated polycarbonate moulding.

Product code: **EXTLSW 16A**
